CMA confirms Dividend Reinvestment Plan discount

CMA Corporation Limited (ASX: CMV) is pleased to announce that shareholders participating in the Company's Dividend Reinvestment Plan ("DRP") will be issued shares at a 7.5% discount to the adjusted volume weighted average price of CMA shares, as per clause 7 of the DRP Rules.

The DRP was introduced earlier this year to deliver shareholders a cost effective way of increasing their investment in CMA.

Funds subscribed under the DRP are used to help fund the Company's acquisitions program and to fund the working capital requirements of the group.

The Directors have resolved that the discount for the final dividend of 0.5 cents per share should be 7.5%, the same discount that applied for the interim dividend of 0.5 cents per share.

Shareholders wishing to participate in the DRP should complete an online application which can be made at www.computershare.com.au/easyupdate/cmvm.

Alternatively, you may apply to participate in the DRP by contacting the Company and requesting a paper application form.

To participate in the DRP in relation to the 2008 final dividend, shareholders will need to complete an Online Application or complete and return a paper Application Form to CMA's Share Registry by 5.00pm (Eastern Standard Time) on the Record Date of 15 October 2008.
